I had a very exciting day. It was at the 5th of (February) January in Almaty. I had gone to my sister on my winter holiday. At that day began the meeting of people on Almaty streets. It was like a little war in our country. Because people who took part to that meeting killed a lot of our police men and other people. People lived near the area where it happened suffer from them and nuclear gas. That war was during five or six days. It was a very exciting period for our country. I'm lucky, because I lived in the country with my sister. And we didn't see all that.

Hi, Jack. I am really sorry about that. I want to apologize for not returning your dictionary in time. I had some problems. My dog Rex got sick and I went to vet with him. It took too long to get home last evening. So I didn't want to come to your house so night. What if you thought that I'm trying to rob your house? I'm joking. To be honest, I just was tired, and too lazy to come over to your house. I can bring it to your house today. Respond me when you want to.
